

THE CONFERENCE DELEGATES.

The six delegates to the International Monetary Conference, appointed by the Senate and House of Representatives, are arranging to meet at Washington to confer together and ascertain just how they stand on the silver question. The President has not yet announced the names of the three delegates he is authorized to appoint and it is thought probable that he will not name them until the time and place for holding the conference is announced.

Various opinions prevail as to the Presidential appointments. Some believe that he will select three gold men from the Eastern States, while others assert that at least one of the three will be a Southern or Western Silver man. Since the United States took action in the matter and named six delegates to the conference, the European nations have been comparatively silent on the subject. France and Germany, which took the initiative in suggesting the conference, have been silent regarding it since Congress appointed delegates. England, which does not look kindly on any measure that is intended to benefit silver, will not pledge itself to be bound in any way by the decision of the conference.

A LEGISLATURE BREAKS UP IN A ROW.

The Legislature of Indiana broke up in a wild riot in which almost every member participated. Several persons were seriously injured and one, perhaps, fatally. For twenty minutes before final adjournment the State House was filled with a howling, surging mob. The Governor's private secretary was locked up in an elevator and barely escaped. He had a message from the Governor which it was important to deliver to the Speaker of the House before 12 o'clock, the time for final adjournment. The police released the messenger from the elevator, but when he arrived at the door of the Assembly Chamber at 11:55 o'clock he found it locked. There were two factions, one intent on getting the message to the Speaker and the other determined to prevent it. In the fight which ensued the heavy oak doors of the Legislative hall were broken in, many persons were knocked down and trampled upon, and the women in the galleries screamed and some of them fainted. The messenger was pushed to the Speaker's desk, bleeding and almost naked, but as he handed the message to the Speaker that official declared the House adjourned. A member tore the message from the private Secretary's hand, dashed out of the Chamber and made good his escape.

FOR THE GOOD OF THE STATE.

The Legislature of 1892 limited the compensation of members of the Legislature to \$400 each. The Constitution prohibits members of the Legislature from increasing their compensation for the term for which they shall have been elected. The present Legislature has been in session fifty days and the members have each received the \$400 allowed them by law and they cannot increase that compensation for the present term.

THE RIOTS AT NEW ORLEANS.

Negroes at New Orleans worked on the wharves loading and unloading freight. They worked for less wages and were more tractable than the whites, and steamboat men gave them the preference. The white laborers objected to the negroes and ordered them to quit work. Refusal on the part of the negroes to comply with the order incensed the whites and they fired upon the negroes, killing five of them and frightening two others so that they jumped into the Mississippi and were drowned. The police were unable to restrain or disperse the mob.

JAPAN'S TERMS.

The terms of the treaty of peace to be concluded between China and Japan are known to the Department of State at Washington. Japan is to have jurisdiction over China and China will relinquish the jurisdiction which it formerly held over Japan. The island of Formosa will be permanently ceded to Japan, and Japan will occupy the fortresses of Port Arthur and Wei-Hai-Wei for a number of years. Corea, which heretofore has been a dependency of China, is to be independent of both China and Japan. The money indemnity to be paid by China is not to exceed \$20,000,000 in gold. Whether this payment is to be made in silver is not stated. If it is it will certainly enhance the price of the metal, as there is not, according to the best information attainable, over ten millions of free silver in the markets of the world.

QUIET AT NEW ORLEANS.

Governor Foster Says He Will Maintain Peace. NEW ORLEANS, March 13.—The police were on hand on the river front in large numbers to prevent a repetition of yesterday's bloody affair. There was a heavy fog hanging over the river all the morning and the police were under the impression that the rioters would again take advantage of the fog to commit deeds of violence, but this belief did not pan out, for the simple reason that not a negro put in an appearance on the levee.

A COLORADO MOB.

Five Italians Arrested.—The Italian Legation Calls Attention to the Outrage. WASHINGTON, March 13.—The Marquis Imperial, the first Secretary of the Italian Legation called at the State Department to-day and directed the attention of officials to the news from Walsenburg, Col., of the assassination of four Italians. He asked that the good offices of the Department be used immediately to prevent the further killing of his countrymen.

THE LADIES.

Pronounce Cocoon Cream the best of all toilet creams to promote the beauty of the skin, and gentlemen find it excellent after shaving. Everyone should have a bottle as it is very fragrant and effective for keeping the skin soft, white and beautiful. Only 50 cents a bottle.

A CHANCE FOR LOVELY HIGHLAND HOMES.

Ten 20-acre tracts, close to Reno, for sale at \$30 per acre. Also blocks or lots in the new University Addition at the head of Virginia street—bargains. Now is a good time to improve the opportunity. See C. C. Downing at the Water Company's office. feb23ml

CALIFORNIA LEGISLATURE.

The Code Revision Bill Reconsidered and Passed.—Water Front for the New Railroad. SACRAMENTO, March 13.—The bill creating a Code Revising Commission, defeated yesterday, was reconsidered and passed by a vote of 47 to 20.

THE FREEDOM OF SPEECH PHILLBROOK BILL PASSED, 41 TO 27.

By a vote of 21 to 16 the Senate concurred in Assembly amendments to the Cleave's bill authorizing the Harbor Commissioners of San Francisco to lease fifty acres of water front to the competing San Joaquin Valley railroad. The bill now goes to the Governor.

THE CHASE PLACER MINES.

A Cement Spring Which Flows Steadily. Lumber for sluice boxes is being hauled out to the placer mines discovered by Charles Chase on the northwest side of Peavine Mountain. The diggings are not very extensive and are all located. The gold is coarse and of fine quality. In digging for water Mr. Chase cut through a layer of hard pan and a stream of blue mud thicker than a man's arm spouted up from the bottom of the trench and continued to run until frozen up by the cold weather.

BURIED AT CARSON.

Eugene Cary, son of the late Wm. M. Cary, formerly of the Arlington Hotel at Carson, died at Carson on the 11th inst., and was buried there yesterday. The young man came from San Francisco about ten days ago, being in poor health and believing that he would be benefited by a change of climate, but his coming was too late and nothing could be done for him. He was born at Washoe City about twenty-three years ago, and was well known at Carson. He was always a great favorite and a genial companion. The sympathy of all Carson and old Washoe friends of the family are extended to his grief-stricken mother.

FOR OVER FIFTY YEARS.

Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children while teething. If disturbed at night and broken of your rest by a sick child suffering with pain of cutting teeth, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for children teething. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures Diarrhoea, regulates the Stomach and Bowels, cures Wind Colic, soothes the gums, reduces inflammation and gives Tone and Energy to the whole system. Mrs. Winslow's Soothing Syrup for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States. Price twenty-five cents a bottle. Sold by all druggists throughout the world. Be sure and ask for "Mrs. Winslow's Soothing Syrup."

AN IMPROVEMENT IN THE POSTOFFICE.

Postmaster Berry is about to put in 100 more lock boxes. The boxes will be of the Yale pattern, with glass fronts. It is expected they will be ready the first of next week. The interior arrangements of the postoffice will be considerably altered.

A GENTLE WOMAN.

Piano, Guitar, Banjo and Voice Culture.

Special attention given to technique, expression, phrasing and the study of classical music

Royal Baking Powder

ABSOLUTELY PURE

ASSEMBLY.
Assembly met at 11 A. M.
Speaker Allen presiding.
Roll call.
Prayer by the Chaplain.

On motion of Denton the reading of the Journal was dispensed with, and the House resolved itself into Committee of the Whole, Noel in the Chair.

By Brockliss, A. B. No. 134.—Defining boundaries of Douglas county. Report of progress recommended.

By Summerfield, S. B. No. 82.—Recommended that it be laid on the table.

By McDonald, A. B. No. 155.—Insane Asylum deficiency bill for 1893-94. Passage recommended.

A. B. No. 137.—Appropriating \$500 for the purchase of anti-toxin for distribution in this State.

Beck wanted to know what anti-toxin is.

Dr. Hogan explained that it was a newly discovered antidote for diphtheria, the best known, very costly and difficult to secure, but he declined to commit himself professionally by endorsing the bill, yet his colleagues (Beck) need not be afraid of it, for nothing of that kind could have any effect on his case-hardened constitution.

Passage of the bill recommended.

A. B. No. 120.—To provide for storage of surplus water. After an hour and a half of discussion a motion prevailed that the Committee recommend that it do not pass.

By Newman, A. B. No. 166.—To define the duties of Lieutenant Governor in ex-officio capacity. Provides for annual salary of \$2,400. Recommended unfavorably, 10 to 7.

In regular session report of Committee adopted.

A. B. No. 119.—Enabling the State to accept 1,000,000 acres of land under the Clearing Act.

Denton spoke in favor of the bill and Hogan against it.

The Speaker called Noel to the Chair and was about to take the evidently wound-up-for-an-hour-haranguer, when a motion to recess till 2 P. M. was carried with a whoop, and this was the time Mr. Speaker got left. He looked smilingly annoyed.

AFTERNOON SESSION.

The consideration of A. B. No. 119 was resumed, Noel in the Chair.

Speaker Allen secured the floor and delivered the speech in favor of the bill which the recess motion shut out in the forenoon session. He only occupied the floor about twenty minutes and was followed by Allen of Eureka, who also spoke in favor of the bill. Pitt also spoke in advocacy of the measure.

A sort of running fire debate ensued between Hogan, Allen of Churchill, Denton and others, generally addressed to each other instead of to the Chair, on the subject under consideration, which lasted for some time.

Beck and Francis spoke against the bill.

Francis moved to amend by striking out Section 9.

All of the oratorical statesmen of the House had a whack pro or con at this motion, which was lost.

The roll call on final passage of the bill resulted:

Ayes—Allen of Eureka, Briggs, Brockliss, Constant, Court, Crisler, Denton, Gorman, Hall, Hinman, Murphy, McDonald, Pitt, Mr. Speaker—14.

Nays—Beals, Beck, Coryell, Flannigan, Francis, Greenwood, Hogan, McNaughten, Noel, Russell, Stanley, Wieland, Wilson—13.

Not receiving the constitutional majority the bill was lost.

Pitt offered a resolution that no more bills be introduced in this Assembly.

The House now took up the General Appropriation bill.

The question was, shall the Assembly recede from its amendments No. 54 and 55, appropriating \$1,500 for Ormsby and \$1,000 for Humboldt county fairs. Assembly refused to recede, and joint free conference committee will be the probable result.

A. B. No. 155.—Deficiency bill for 1894 passed unanimously.

By Denton, A. B. No. 163.—Relief of members of the present Legislature. Appropriates \$40 or five days pay to each member of the Senate and Assembly, and the amount of five days pay to the attaches of both Houses. Considered engrossed and referred to Committee of the Whole.

The bill was considered in Committee of the Whole, Denton in the Chair.

After much discussion McNaughten moved that when this committee arise it report the bill back with recommendation that it do not pass. Lost.

Allen of Churchill moved that the bill be reported back with recommendation that it do pass. Adopted.

Committee arose recommending the passage of the bill. Adopted.

Denton moved that A. B. No. 163 be taken up. Carried and bill ordered engrossed.

At 4:40 recess was taken till 7 o'clock.

LAST EVENING'S SESSION.
The Senate met at 11:30 o'clock, Lieutenant Governor Sadler presiding.

The President said with regard to the action of the Senate this afternoon, considering and passing upon some of

the Assembly amendments to the General Appropriation bill, he had consulted with the Attorney General and would have to decide that all further amendments which may be considered and passed upon this evening must be done by a constitutional majority under roll call. The amendments considered this afternoon were passed upon without the roll call of ayes and nays, and he would ask the indulgence of the Senate to go over them again.

Gignoux moved that the Senate now reconsider the vote or votes by which the Assembly amendments were passed upon this afternoon. Adopted.

The whole series of amendments were then read, considered and passed seriatim, and all adopted except two, that appropriating \$1,500 in aid of the Storey, Ormsby and Douglas District Agricultural Society and that appropriating \$1,000 in aid of District No. 3, Humboldt and Elko, these two Assembly amendments not being concurred in.

INTRODUCTION OF BILLS.
By Maute, S. B. No. 62.—To provide for extra clerical aid in the State Land office. Referred to Ways and Means Committee.

By Martin, S. B. No. 83.—Concerning the construction of barbed wire fences. Agriculture.

By Richards, S. B. No. 78.—Amendment of Act regulating the salaries and compensations of Lander county officers. Passed.

On motion of Maute the Senate now adjourned till 11 o'clock to-day.

THE INSANE ASYLUM

Why Its Name Is to Be Changed to the Hospital for Mental Diseases.

As a rule the press of the State has alluded everingly and facetiously to the bill changing the name of the Nevada Insane Asylum to that of the Hospital for Mental Diseases. Some have claimed that the bill was so framed because of the sensitiveness of the inmates on the subject of being considered insane. If such were the case the bill is a good one, as anything that can allay the sensibilities of an insane person is a step towards a cure.

But the bill had another aim and that was in reference to the sensitiveness of the immediate relatives and friends of the inmates. One who has a sister or wife in the asylum finds it unpleasant, in answer to an innocent query, to admit that one dearly loved is in an insane asylum. The new law furnishes a term less harsh in its allusion than the other, and it was to cover this ground that Dr. Bergstein drew up the bill. His consideration in the matter will be appreciated by the relatives of the inmates of the institution and some time it may be appreciated by some of the people who are criticising the measure.—Appal.

J. K. Emmet to Play "Fritz in a Mad House."

The announcement of the coming of the general favorite, J. K. Emmet, to our Fritz, is a pleasant bit of news, both for our habitual theatre-goers, as well as those seldom patronizing the theatre, except when the magic name of "Fritz" Emmet conjures them from their homes to be once more enchanted by the beautiful melodies and cherry smiling countenances. Mr. Emmet comes to us with his latest success "Fritz in a Mad House." In it he makes one of the happiest efforts of his career. The play is a charming story of domestic life, replete with comedy. The third act is one of the most humorous conceits ever presented and couralses the audience with laughter. The company supporting "Our Fritz" is a strikingly good one, including among others, Miss Emily Lytton, Laura S. Howe, Florence Foster, Florence Germaine, Messrs Hudson, Linton, Fred DeVere, Frank DeVere, Harry Codin, Theo. Wise, David Rivers, and the favorite of both actors and audience, Little Baby Spencer. Sinnot, a stage fairy too cute for anything.

Card of Thanks.

The family of the late Mr. J. F. Bonham take this method of tendering their sincere thanks to their neighbors and the kind people of Reno, who tendered their services during his illness and consolation to them since their bereavement.

Damon and Pythias.

E. S. Laurie of Sacramento, accompanied by his wife and children, have arrived in Reno. Mr. Laurie is an old-time actor, but through a serious accident he was compelled to abandon the stage. He has for some time past made a specialty of drilling and managing amateur performances and has made splendid successes in several of the leading cities of the coast. He will endeavor to produce Damon and Pythias here, having made decided hits with this drama, and being a prominent member of the order of K. of P., is peculiarly fitted to give instructions and portray the principles on which the order is founded. Mrs. Laurie has had an extended experience on the stage as a leading lady in several combinations, and has the reputation of being a fine actress. It is proposed to enlist local talent and put the play on in the best possible manner and by its production Renoites will have a splendid opportunity to thoroughly understand the tenets and teachings of the order of Knights of Pythias.

Deserving Praise

We desire to say to our citizens that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklin's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. S. J. Hodgkinson druggist.

A Million Friends.

A friend in need is a friend indeed, and not less than one million people have found just such a friend in Dr. King's New Discovery for Consumption, Coughs and Colds. If you have never used this Great Cough Medicine one trial will convince you that it has wonderful curative powers in all diseases of Throat, Chests and Lungs. Each bottle is guaranteed to do all that is claimed or money will be refunded. Trial bottles free at S. J. Hodgkinson's drug store. Large bottles 50c and \$1.

Jack Grifrey serves a first-class meal and fresh oysters in any style at the Palace Restaurant. Meals at all hours.

Bunches on His Neck

Twice Lanced by Physician and Cured by Hood's.

There is no form of Scrofula more obstinate or more common than swelling of the glands of the neck. But every form of blood disease yields to the potent powers of Hood's Sarsaparilla. Read the following from a grateful father:

"Our little boy when a little over a year old had three large bunches come on the left side of his neck. A physician lanced the bunches twice. He advised a blood medicine and we commenced giving our boy Hood's Sarsaparilla. He has taken four bottles. The bunches on his neck have disappeared and

The incisions have healed, only scars remaining to show where his neck was lanced. My wife and I think there is nothing to be compared to Hood's Sarsaparilla and we shall always keep it.

Hood's Sarsaparilla Cures

with us. I recommend Hood's Sarsaparilla at every opportunity." CHARLES LANDON, Box 112, Seward, Nebraska.

Hood's Pills cure all liver ills, constipation, sick headache, dizziness, nausea, etc.

FREE COURSE BY MAIL

WITH THE

CAPITAL CITY

COMMERCIAL COLLEGE

—TO ADVERTISE—

OUR COLLEGE

We will give a thorough course of instruction in Double and Single Entry Book-keeping and Commercial Arithmetic by mail FREE OF CHARGE to a limited number of persons. This course will be completed in forty lessons. No charge for Diplomas.

Our method of instruction by mail is far superior to that of any other school in the West. Hundreds of testimonials are of our patrons, testifying to this fact, are on file in our office. The phenomenal success attained in this department prompted us to widely advertise our work, and to make it a special feature of our school.

The Instructions and Exercises

Are conducted by mail practically in the same manner as those in our College Rooms which makes them equal with personal instructions, and lead the student to a full and clear understanding of the science of accounts.

Our Mail Department

Is under the personal supervision of an able instructor, under whose guidance the highest degree of competency may be attained by correspondence.

We offer the above-named course free to introduce our work in your community. Avail yourself of this offer at once, and show the superiority of our work to your friends. Address:
